### New PCRs published in Chinese Taipei

Following the last 3 PCRs released, there are 4 new PCRs published by Environment and Development Foundation (EDF) in Chinese Taipei, including three network communication products and one optoelectronic semiconductor. The four completed PCRs and their respective development partners are: Zyxel Communications Corp. for home gateways and home network infrastructure devices, D-link corp. for ethernet switches, and LiteOn Technology Corp. for Optoelectronic semiconductor. These documents have been reviewed by EDF and stakeholders are welcome to submit comments.
